Pre Primary Health.
Students will continue to learn about the human body parts (ears and eyes) before studying the importance to our health of clothes, rest and sleep and hygiene. We will finish the term with a section about Road and Bicycle Safety.

Year 1/2 Health.
Health in Term 2 will be based on the “Take the Challenge” program which is designed to improve overall fitness and health. Topics to be covered include –
* Benefits of a healthy lifestyle.
* Value of physical activity and increasing physical activity.
* Healthy foods and food groups.
* Improving your diet.
* Prevention of Type 2 diabetes.

Year 1/2 Technology.
Our theme for Term 2 will be “Animals”. Students will investigate animals as a whole topic - the different types of animals and their habitats, body types and external coverings, before specializing in Australian animals. Students will build an animal model.

Year 2 Health.
Health in Term 2 will be based on the “Take the Challenge” program which is designed to improve overall fitness and health. Topics to be covered include –
* Benefits of a healthy lifestyle.
* Value of physical activity and increasing physical activity.
* Healthy foods and food groups.
* Improving your diet.
* Prevention of Type 2 diabetes.

Year 2 Technology.
Our theme for Term 2 will be “Animals”. Students will investigate animals as a whole topic - the different types of animals and their habitats, body types and external coverings, before specializing in Australian animals. Students will build an animal model.

Year 3 Health.
Health in Term 2 will cover the following topics –
* Safety and basic first aid.
* People and organisations that help with first aid and safety in the community.
* Healthy teeth, including a food preparation lesson.
* Resilience – being fair, bullying and assertiveness.

Year 3 Technology.
The theme for Term 2 will be “games” for indoor use incorporating cards, construction, board and electronic games. Students will investigate the types of games available and the components needed to make a successful game. They will examine and play games before designing/building their own board game.

Year 4 Technology.
The theme for Term 2 will be “games” for indoor use incorporating cards, construction, board and electronic games. Students will investigate the types of games available and the components needed to make a successful game. They will examine and play games before designing/building their own board game.
**Year 5 Technology.**

The theme for Term 2 will continue from Term 1. Students will investigate, using a computer, how the design of an item has changed through history before designing and making a futuristic, imaginative item similar to their research topic.

**Year 6 Health.**

Health in Term 2 will cover the following topics –
- The value of being healthy.
- The health benefits of physical activity.
- Diet and health.
- Increasing food variety – prepare and cook healthy meals.
- Towards a healthy lifestyle – beat diabetes and heart disease.

**Year 6 Technology.**

Students will have T&E lessons using the Home Economics room on Fridays. The first section to be covered will be an introduction to Food Technology followed by Textiles and sewing machine use later in the year. Students will need to bring a small plastic food container each week. They will be instructed in –
- Kitchen safety and hygienic food handling.
- How to use equipment, stoves, blenders etc.
- How to prepare nutritional foods and drinks.
- Clean up routines and caring for equipment.

**Year 7 – 10 Food Technology.**

Students will continue the term 1 topic of “Food for Entertaining”. We will finish the courses of the menu before preparing morning tea and gift foods. Decorative food presentation for serving will continue. Students are encouraged to bring a small container and fork each week.

**Year 7 – 10 Textiles Technology.**

Students will continue working in the textiles section this term. They will use a variety of sewing and decorative techniques to make small items such as a –
- Pencil case using Velcro fastener.
- Beanie hat and scarf from polar fleece fabric, including a “care” label.
- Design and sew a creative apron.
- Use a pattern to make an iPad cover.

**Health – Early Adolescent Year 7 – 10.**

Due to interruptions last term students did not complete the planned work. Term 2 will continue with the wellness section by studying –
- Well being – balancing the social/emotional/physical/mental parts of our health.
- Protective behaviours – early warning signs, stress and stress management, safety network.
- Types and the nature of relationships.
