Year 10 Work Placement Program

This term our Year 10 students have been offered the opportunity to undertake Authority-Developed Workplace Learning in local businesses in Beverley. This is a Year 11 Program that Contributes toward their WA Certificate of Education. We are so thankful for the generous community support for our students.

Kane is enjoying his placement at **Beverley Hydraboom**. So far he has learnt to use the drill press, grinder, welder, linature and plasma cutter. The school would like to thank Eddie, Jennifer and the workers of Beverley Hydraboom for welcoming Kane into their workplace and making his work placement so valuable.

Mathew has started his work placement at **Richard Jas’ Mechanical Workshop** and is enjoying his time learning about mechanics, changing oil, sump installation, filters and full motor removal. At Beverley DHS we are a **SPARK** school because
we are Successful when we are Prepared Aspiring Respectful and Kind

The focus for this fortnight is being Aspiring - Inside the Classroom

The four teaching points are:

- ✓ Showing Improvement
- ✓ Presenting Work Well
- ✓ Achieving Set Goals
- ✓ Celebrating your success and that of others.

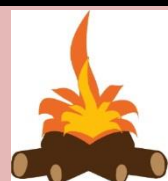

Classes are discussing what they need to have success in this area.

When each class achieves 100% success, they will fill our Bright Spark Jar with sparks! A whole school celebration will take place when this is full. The jar is located in the front foyer if you'd like to watch our progress.

Our Year 10 students participating in the **Cert 1 in Construction** course, under the instruction of Mr Blencowe, are currently building a cement pad to house the water pump for our Water Harvesting basin. Later this term they will be working on a Sound Wall to complement the P&C's Nature Playground initiative.
