From the Office

Welcome: Welcome back to school for 2017. A special welcome to new students and their families and to new teaching staff. We would like to thank parents for the way they have helped by having their children ready and organised for class and for play. Please speak to your child’s teacher if you have any concerns about how they are settling in, or if you would like to know more about the class organisation or learning programs provided.

Uniforms: If you wish to collect or order uniforms please see the front office staff for an order form or contact Uniform Co-ordinator Kerry-Anne Doyle on 0413 672 013. Hats are available from the front office for $12.

Canteen: The P&C Canteen will be open from this Friday for recess and lunch orders. Please see the menu attached.

Connect notices: All parents will receive notifications from their children’s class teachers via Connect this week. These notices will introduce teachers and give you some basic information about classes. If you haven’t received these notices in your inbox, please double check with the class teacher that your email address is current and recorded correctly. Remember to download the ConnectNow app from the Android or Apple store to receive these notifications straight to your smartphone or tablet.

Permission notes: Parents should also have received paper copies of a range of different permission notes this week. Please ensure that these are completed and returned as soon as possible. Call the office if you have any queries about the permission notes or what is required. Should you misplace your forms, copies are available via the Beverley DHS Parent Connect library as well as on the website.

School swimming next week: All students from Pre Primary to Year 10 will be participating in In-term swimming lessons every day, starting Monday. Please ensure that all swimming permission forms and payment for non-season ticket holders are returned to school by Friday.

Whooping Cough Alert: Please be aware that whooping cough has been identified in Beverley. An information letter is attached. Please read this carefully and be aware of the signs and symptoms of this potentially serious condition and seek medical advice if in doubt

Look out for our full newsletter next week. For more information about the school, please visit the website or call or visit the school office.
