Snippett Wednesday 31st January, 2018

Welcome to all our students and families for the 2018 school year.

We are looking forward to some wonderful things happening this year, and hope all our families will continue to be involved in as many aspects of school life as they can manage. There are so many ways to be involved, because family involvement in school is one of the top three factors in student enjoyment of school and success at school.

Thankyou to families who were able to be with us for our welcome assembly this morning. We are pleased to welcome all our students and staff returning to school this year. We welcome all our new Kindy students and their families to Beverley District High School, and new primary students Hope and Tyler. We look forward to making you feel welcome and part of our school community.

This year we will see the completion of our fabulous nature playground project, thanks to the wonderful support of our P&C Association. A busy bee to help with completion is planned for Sunday 11th Februray, commencing 7.30am. Our students will have the opportunity to enjoy a wonderful Performance Arts program, with a dance program continuing this year, and a Term 4 whole school production planned. We have school camps for Year 6 and Secondary students, excursions and school incursions already in the planning, as well as the regular carnivals, activity days, and special events.

Swimming lessons begin next week. Please ensure permission forms are returned by Friday 2nd February.

We would love to see everyone at our first parent event – the P&C Sundowner, on Tuesday 13th February from 6pm. After brief AGM formalities, our parents and teachers will have the opportunity to mingle and say hello, to get to know each other a little, and to chat about any good ideas for involving families in the life of the school. We’d love to see you there. Later this term we will have our school open night, showcasing the wonderful programs and facilities at the school.

In the meantime, please visit, email or call your child’s teacher. They will welcome the opportunity to say hello and talk about your child. They will also give you some help to access the Connect app and visit Connect classes for your child if you have not done so already – there is a wealth of information about your child’s classroom learning available for you to explore.

In all cases, if you have any concerns or questions about your child’s academic progress or friendships and socialisation, please chat in the first instance to their class teacher. You are also welcome to contact me or Aliesha Murray (Deputy Principal) at any time. Please leave a message if we are not available straight away and we will get back to you as soon as possible.

Wendy Moore
Principal

| Term | Monday | Tuesday | Wednesday | Thursday | Friday |
